

Quality

DEPARTMENT: Rock Creek Medical Offices, Colorado

QUICK PICKS | **MAR / APR 2015**

Cardiology unit-based team reduces waste and improves service by:

- + Reducing unnecessary scans.
- + The team proposed that, instead of scanning in all of the lengthy report that gets generated by a patient's heart monitor, only the pages with pertinent results be scanned in.
- + Department physicians were on board—and they now highlight the significant events that need to be in the patient's medical record.

RESULTS

PAGES PER REPORT THAT
NEEDED SCANNING

up to 100

BEFORE

a handful

AFTER
